CE

(Management Software Screens)

Grant Instant Pass Permissions

Optionally, the list of people who switch is instantly notified to authorized persons via e-mail and SMS. You can track the door open/closed status. You can get access and pass reports by selecting a date range on the software.

GENERAL FEATURES

- 700% integrated into Sensaway software!

- It sends instant notifications of logged in people.

- It reports access / exit status for the selected date range.

- It monitors the door open/closed status.

- Against the threat of sabotage, it sends alarm notifications when the device is disassembled.

- User management, migration and deletion via software

- The ability to open the door remotely via the web or mobile application within the given authorization.
